Horizon Europe Programme

Detailed lump sum budget

Instructions

In this worksheet called Financial plan and equity needed, you are asked to support your narrative by providing additional information about the financial projections for your company over 5 years, and also to present the activities that you intend to finance through equity.

Please be aware of the separate annex called Detailed lump sum budget table. There you will be asked to present the detailed estimation of costs of your lump sum project and to calculate the lump sum breakdown per work package.
This corresponds to costs planned to achieve TRL 8, for which you are asking a grant.

Colour convention

	Please fill the data
	Calculated field - please do not change

The total equity needed for your business plan is the sum of the equity requested to the EIC and the equity expected from other investors.
The equity used for project activities could consume the entire equity needed or only part of it, e.g. if you want to increase your working capital.
The revenue declared in row 11 of the financial plan is related to the project and therefore should be equal or lower than the revenues of the company (row 17)

Proposal title	AirTransformer Heat Driven Cooling for Climate Resilient Data Centres
Company Name	Savery Tech

⚠ ***Please fill in the form (yellow fields) with figures for your company, except for the financial highlights table (data for project only).***
DO NOT CHANGE THE HEADINGS, ANY FORMULA OR ADD ANY ROW/COLUMN. You can also use graphs to illustrate the data provided in the tables

Table 2 - Company up-to-date financial data/ Liquidity

Information item	Value, k€	Comments
External Debt as of application date	0.00	Outstanding debt reported by management as of 3 November 2026.
Total cash balance as of application date	300.00	All-account cash reported by management as of 3 November 2026.
Cash burn per month (as per last month)	66.00	Business-plan forecast burn for November 2026 (EUR66k); October 2026 actual all-account burn to be reconciled.
Drivers of cash burn		Payroll, engineering and qualification, manufacturing preparation, inventory and receivables, and equipment purchases.
Cash needed to breakeven	95,877.90	EUR95.88m cumulative operating and investing cash from EUR300k (3 Nov 2026) to the low point in Feb 2032, before trailing-12-month operating cash flow turns positive (May 2032). Business-plan costs; no grant, equity or debt receipts deducted.
Company has cash until (MM/YY)	02/27	the business-plan burn until the Seed first close planned

Major short term liabilities of the company	**0.00**	**Major short-term liabilities reported by management as of 3 November 2026.**

Table 3 - Company financing history

Please, specify all the previous funding and equity history

Date	Entities providing financing	Public or private	Financing type	Amount, k€	Implied valuation, k€ (if relevant)	Comments
11 August 2026	HOLDING FTS 2	Private	BSA-AIR (unconverted)	250.00		Bank receipt verified; instrument class per management, 3 Nov 2026. Contract terms and other historical receipts remain to reconcile.
			Total	250.00		

Table 4 - Current financing round

Information item	Value, k€	Comment
Total financing needed	10,485.58	N=2027; 2027–2031 are forecasts. Current package = separate grant plus EUR8m gross Seed; later company rounds are outside this package.
Grant amount requested	2,485.58	70% of eligible action costs; planned action April 2027–March 2029.
Equity amount requested (if applicable)	2,000.00	EIC EUR2m within the EUR8m Seed, subject to EIC investment due diligence; expected to join the round in November 2027.
Other financing - specify	6,000.00	Other Seed investors: EUR6m gross, first close planned March 2027 (business plan). Five-year other-investor equity is reported in Equity needed D15.
Suggested post-money valuation	58,000.00	BP forecast: EUR50m pre-money plus EUR8m raise gives EUR58m post-money. Final investment and BSA-AIR conversion terms will be set at closing.

Proposal title	AirTransformer Heat Driven Cooling for Climate Resilient Data Centres
Company Name	Savery Tech

Your company: Equity needed **= cash flow from issuance of equity : line 38 of your Financial plan** **(Ensure coherence with the number of years in the "Financial plan" worksheet)**		**(€)**
Year N		7,854,545.50
Year N+1		24,545,454.50
Year N+2		0.00
Year N+3		68,727,272.70
Year N+4		0.00
TOTAL Equity needed		101,127,272.70

Of which

equity requested from the EIC		€ 2,000,000.00
equity provided by other investors		€ 99,127,272.73
Please detail here amount and origin	N=2027; all five years are forecasts. EUR103m gross equity targets less EUR1.873m fees = EUR101.127m net. EIC: EUR2m; other investors: EUR99.127m net over five years. Seed EUR8m: EUR6m from other investors at first close (March 2027) and EUR2m EIC investment after EIC due diligence (November 2027). Later rounds: Series A April 2028, Series B January 2030. Fees borne by non-EIC funds.	

Of which part is used for project activities financed by equity (above or below TRL 9)

Your project: estimated costs to be financed by equity (EIC + other sources)		
Follow numbering of grant work packages (use the same numbering as in your narrative document)		
WP nr.	**WP Title**	**Cost (€)**
WP6	Manufacturing deployment and commercial service launch	€ 2,112,500.00
WP1–5 aggregate	Grant-action co-financing and equipment cash bridge	€ 1,423,333.33
TOTAL cost of work packages financed by Equity		€ 3,535,833.33
